

## EP1350 - Under- Sea PSU

- **Suitable for Marine Environment**
- **Open Frame Design**
- **Combined SMT & Through Hole**
- **High MTBF**

*Outstanding Quality, Value and Customer Service*

### GENERAL SPECIFICATION

- ◆ Input Voltage 400V DC  $\pm$  50V
- ◆ Multiple Output Voltages: 5V @5A, 5V @5A, 15V @ 4A, 15V @ 4A, 12V @ 7A, EP48V @ 6A, 12V @ 7A, 48V @ 6A
- ◆ Outputs can be 'OR'ed
- ◆ Efficiency >80%
- ◆ BITE Capability
- ◆ Suitable for Marine Environment
- ◆ Weight <5Kg
- ◆ SM & Through-hole Technology utilised
- ◆ 2.5KV Input to Output Isolation
- ◆ Custom In-house Design – Mechanical, PCB, Electrical & Electronic
- ◆ Dimensions: 400 x 260 x 50 (mm)
