

## EP1362 – Camera Power Supply Distribution Unit

- **Lightweight**
- **Efficiency >80% at Full Load**
- **Status/BITE monitoring using FPGA's**
- **Digital Interface**

*Outstanding Quality, Value and Customer Service*

### GENERAL SPECIFICATION

- ◆ 28 VDC Input (Transients to 57V)
- ◆ Outputs 12~15VDC @ 40W, 3V3 @ 40W,
- ◆ Solid State distribution to 11 outputs with Soft start
- ◆ Operating Temperature Range -40°C to +85°C
- ◆ Short Circuit Protection on all outputs
- ◆ Overload Protection
- ◆ SPI Interface to host equipment
- ◆ Weight: <450g
- ◆ Designed for Airborne application
- ◆ Custom In-house Design – Mechanical, PCB, Electrical & Electronic
- ◆ Dimensions: 180 (Diameter) x 20 (depth) (mm)
