

XCEL receives £1336000 follow on order for PSU's from Prime Multi-National company

XCEL Power Systems Ltd are pleased to announce that they have been awarded a follow on contract for Power Supply Units, used in an Airborne application, from a prime Multi-National company.

The contract is for the continuing support of systems currently in service and is to be delivered during 2011 ~ 2014.

Commenting on the new order, Richard Weller, Managing Director of XCEL Power Systems stated 'This program has been a company focus for some while and whilst the design was completed some while ago the resultant production orders are what were expected. I am pleased that the investment in this program has borne fruit. We confidently expect further orders for this PSU in the future and this will be a significant contributor to revenues both in the shorter term as well as in the long term'
