

AIRBORNE PRODUCTS

UAV Power Supply Unit

- **Lightweight**
- **Efficiency >80% at Full Load**
- **Short Circuit Protection**
- **Over Voltage Protection**

Outstanding Quality, Value and Customer Service

GENERAL SPECIFICATION

- ◆ 28 V DC (Transients to 50V)
- ◆ Output 280V Nominal 144 Watt
- ◆ Operating Temperature Range -40 °C to +85 °C
- ◆ Short Circuit Protection
- ◆ Efficiency >80% at Full Load
- ◆ External Synchronisation Input
- ◆ Weight: <1.4Kg
- ◆ Designed for Airborne application
- ◆ Custom In-house Design – Mechanical, PCB, Electrical & Electronic
- ◆ Dimensions: 330 x 175 x 38 (mm)
