

APPOINTMENT OF DONALBA ELECTRONICA SLU

Xcel Power Systems Ltd is delighted to announce the appointment of Donalba Electronica SLU as their Exclusive Agent for Spain and Portugal.

XCEL Managing Director Richard Weller commented that it was immediately apparent upon meeting Donalba Managing Director Jesus Garcia-Manes at the Eurosatory exhibition in Paris that a partnership should be formed owing to the synergy of the two companies targeted market approach and extensive power systems experience within the Military and Aerospace markets.

Donalba Electronica have successfully established themselves within the Spanish and Portuguese markets as a Technical Agent representing carefully selected organizations offering highly specialized and technical solutions within these chosen fields.

XCEL Power Systems are a premier provider of Power Solutions to the Military and Aerospace markets. They have over fifty years experience in designing and manufacturing power supplies to offer solutions for the most demanding clients and applications globally and have systems installed with most of the major military programmes.
