## **XCEL Receives £210,000 Development and LRIP Order for PSUs from Prime Multi-National Company**

XCEL Power Systems Ltd are pleased to announce that they have been awarded contracts for Power Supply Units from a Prime Multi-National Company for defence related products.

The contract is both for the continuing support of systems currently in service and for enhancements to the existing system. The development phase is due to be completed in 2009 with LRIP commencing early 2010.

Commenting on the new order, Richard Weller, Managing Director of XCEL Power Systems, stated that: 'This prime Multi National Company has been a major sales target for some while and I am pleased that the investment in time and effort has proven to be effective. We confidently expect further substantial orders for these PSUs in the future and this will provide revenue in both the shorter and longer term'.
