## **XCEL POWER AWARDED NEW JERNAS CONTRACT BY AMS**

XCEL Power Systems Ltd has recently secured a new contract to build Power Supplies for the Jernas Short-Range Air Defence System developed by European guided weapons company MBDA. The contract, worth in excess of \$150,000, was awarded by AMS in the UK, and brings the total value of work awarded to XCEL for this programme to over \$1.5 million in the last 18 months. AMS supplies the surveillance and tracking radar sub-systems for the Jernas system.

Commenting on the contract, Richard Weller, General Manager of XCEL Power Systems Ltd, stated "The contracts that XCEL have been awarded in support of this programme have made it one of the most significant contributors to our organic growth over the last 2 years. We are delighted to be able to offer continued support for this series of products".
